SERVICE BULLETIN

REPLACEMENT BRAKE DISC FOR DISC P/N 164-22200 USED ON PARKER 040-17900 MAIN WHEEL ASSEMBLY

PURPOSE: The purpose of this service bulletin is to inform Cessna 208 and 208B operators that replacement brake disc, Parker P/N 164-22201 is now available for use on the 040-17900 Main Wheel Assembly. This disc utilizes thermal relief slots on the friction surfaces of the disc and eliminates heat check that some operators were experiencing on the 164-22200 Brake Disc (Ref. Parker Product Reference Memo #43 attached).

APPLICABILITY: All Cessna 208 and 208B operators that utilize the Parker 040-17900 Wheel Assemblies equipped with 164-22200 Brake Discs.

COMPLIANCE: Mandatory with next brake disc replacement on your aircraft.

Parker P/N 164-22200 has been obsoleted and is no longer available as original equipment after 7-25-90. The new disc, P/N 164-22201 is now available through the Parker distribution network.

If you presently have new 164-22200 discs as spare parts and want to exchange, with adjustment, for P/N 164-22201, contact Parker Hannifin, Customer Service Department.

INSPECTION & REJECTION

REQUIREMENTS: See [Product Reference Memo #43](#) attached.
